SUBJECT INDEX TO VOLUME 43

	PAGE
Amino acid composition of rapeseed, Effect of variety and growing conditions on the protein and.....	65
Apparatus for the collection of turkey feces, An.....	386
Arsenic content of sheep tissues, The effect of arsenical dipping on the.....	303
Beef calves, Effects of treating forage with the herbicide MCPA on liver and plasma levels of carotene and vitamin A in.....	113
Beef calves, Whale solubles as a protein supplement in rations for finishing.....	182
Beef cattle, Silica urolithiasis in: V. Effect of controlling urine pH on the incidence and composition of urinary calculi in calves.....	150
Cannon bone and ribeye measurements of Shorthorn compared with crossbred beef steers.....	327
Carbon content of feeds and excreta, A rapid method for determining the.....	212
Chromic oxide paper pellets for administration to ruminants.....	389
Consumption of pelleted hay by cattle and sheep, Effect of sodium citrate on the..	361
Deposition of subcutaneous fat by market turkeys, The effect of length of day and temperature on the.....	332
Dicoumarol studies: I. Oral administration of synthetic dicoumarol to various classes of sheep and cattle.....	344
II. The prothrombin time response of sheep to various levels of contamination in low coumarin sweetclover varieties.....	353
Diethylstilbestrol and estradiol-testosterone implants on rate and efficiency of gain and on carcass quality of market pigs fed different finishing diets, The effect of	374
Different ratios of grass silage to concentrate on milk yield, milk composition and body weight, The effect of.....	1
Digestion in the pig, using a re-entrant intestinal fistula, Observations on.....	215
Digestion-metabolism unit for sheep, A battery-type.....	390
Dried potato pulp for pigs, The feeding value of.....	241
Egg production and egg quality, Effect of dietary energy and calcium level on....	337
Estrogenic plant extracts on the uterus of the laboratory rat, The effect of.....	106
Estrogenic hormone implants on rates of gain in cattle on fresh forage, Effect of...	366
Feed energy for gilts fed rations varying in energy and protein level during growth, gestation and lactation, Nutrient digestibilities and comparison of measures of	86
Graduated levels of ground oats in a growing ration for broilers, The effects of including.....	9
Green tall buttercup in roughage on the growth and health of beef cattle and sheep, The effects of.....	68
Heavy-type layers on a low energy ration, Performance of.....	290
Ingesta in the alimentary tract of sheep, Effects of pelleting rations on distribution of	226
Intramammary pressure of dairy cows, Studies on the.....	47
MCPA on liver and plasma levels of carotene and vitamin A in beef calves, Effects of treating forage with the herbicide.....	113
Method for determining the carbon content of feeds and excreta, A rapid.....	212
Milk production and its relation to lamb growth in five breeds of sheep, A comparison of.....	16
Moldy wheat on growth, livability and the incidence of mycotic infection in turkey poults, The effect of.....	98

	PAGE
Nutritional effects in swine and mice—Responses in feed intake, feed efficiency and carcass characteristics to similar diets—A comparison of.....	294
Nutritive value of wheat as determined by rat growth, Influence of variety, nitrogen fertilization, location and year of growth on the.....	22
Oats in laying rations, The use of high levels of.....	212
Organic acids in the pig, The production of:	
II. The effect of diet on the levels of volatile fatty acids and lactic acid in sections of the alimentary tract.....	156
Ovulation rates in the Locombe breed of pigs.....	285
Pig, The production of organic acids in the:	
II. The effect of diet on the levels of volatile fatty acids and lactic acids and lactic acid in sections of the alimentary tract.....	156
Pigs, The feeding value of dried potato pulp for.....	241
Physiological responses of sheep, Effect of low environmental temperatures on certain.....	39
Post-catheterization urinary tract infections, Prophylaxis of.....	385
Protein and amino acid composition of rapeseed, Effect of variety and growing conditions on the.....	65
Rapeseed oil meal, Growth depressing factors in:	
V. The effects of myrosinase activity on the toxicity of the meal.....	169
Ration for broilers, The effect of including graduated levels of ground oats in a growing	9
Rations for sheep, Native lowland hay in pelleted and non-pelleted:	
I. Effects on feed consumption, rate of gain, efficiency of feed utilization and digestibility.....	189
II. Effects on rate of fermentation in the rumen.....	196
III. Effects on production of volatile fatty acids in the rumen.....	202
Rations, The addition of buffers to ruminant:	
IV. The effect of additions of sodium bicarbonate, sodium propionate, limestone and cod liver oil on intra-rumen environment.....	309
Short-nosed cattle louse, Effects of some insecticides on infestations of the.....	56
Solvent-extracted rapeseed oil meal as a protein source for pigs and rats:	
I. Growth, carcass characteristics and reproduction.....	252
II. Nitrogen digestibility and retention; and energy and dry matter digestibility	264
III. Blood serum protein bound iodine, standard metabolic rates, thyroid activity, adrenal and gonad weights.....	271
IV. Liver weights and vitamin A storage in the liver.....	279
Swine, Inheritance and plane of nutrition in:	
I. Effects of season, plane of nutrition, sex and sire on feedlot performance and carcass characteristics.....	72
Swine, Nutrient requirements for Canadian Yorkshire:	
III. A study of the U.S. N.R.C. (1959) nutrient standards for swine by linear programming.....	118
Swine, Litter size and pre- and post-weaning performance in.....	135
Swine, Skeletal anomalies in.....	143
Timber milk-vetch poisoning among cattle and sheep, The treatment of.....	237
Turkey poults, The effect of moldy wheat on growth, livability and the incidence of mycotic infection in.....	98
Veal calves, A comparison of different procedures for the production of.....	320
Vitamin A and carotene studies with fattening beef cattle.....	31
Whale solubles as a protein supplement in rations for finishing beef calves.....	182
Wool fiber, Effect of selenium on certain mechanical properties of the.....	233
Young pig, Volatile fatty acids and lactic acid in the alimentary tract of the.....	174
